1. Unlike in-network (INN) providers that have agreed to negotiated fees for services, out-of-network (OON) providers have no contract with Dominion or Dominion's leased dental networks. As such, OON providers set their own fees and Dominion only reimburses the member based on the established INN fee schedule, which is determined by the geographic area where the expenses are incurred. This means that if the OON provider's fee is higher than Dominion's INN fee schedule, the member will be billed the remaining balance to cover the OON provider's fee.

- If course of treatment is to exceed $300, prior review is recommended.

Plan will pay either the participating dentist's negotiated fee or the maximum allowable charge (subject to service coverage percentage) for dental procedures and services as shown below, after any required annual deductible.
