4	Orthodontia Services:	<p>Orthodontic treatment requires pre-authorization and is not considered for cosmetic purposes. Orthodontic consultation can be provided once annually as needed by the same provider. Preorthodontic treatment visit for completion of the HLD (NJMod2) assessment form and diagnostic photographs and panoramic radiograph/views is required for consideration of services. Orthodontic cases that require extraction of permanent teeth must be approved for orthodontic treatment prior to extractions being provided. The orthodontic approval should be submitted with referral to oral surgeon or Participating Dentist providing the extractions and extractions should not be provided without proof of approval for orthodontic service. Initiation of treatment should take into consideration time needed to treat the case to ensure treatment is completed prior to 19th birthday. Periodic oral evaluation, preventive services and needed dental treatment must be provided prior to initiation of orthodontic treatment. The placement of the appliance represents the treatment start date. Reimbursement includes placement and removal of appliance. Removal can be requested by report as separate service for provider that did not start case and requires preauthorization. Completion of treatment must be documented to include diagnostic photographs and panoramic radiograph/view of completed case and submitted when active treatment has ended and bands are removed. Date of service used is date of band removal. Patient co-insurance will apply to the routine orthodontic appliance portion of services only. Additional costs incurred will become the patient's responsibility.</p>	50%	None	No	0%	N/A	N/A

Plan Exclusions

1. Services which are covered under worker's compensation or employer's liability laws.
2. Services which are not Necessary and Appropriate Dental Service for the patient's dental health.
3. Cosmetic, elective or aesthetic dentistry except as required due to accidental bodily injury to sound natural teeth.
4. Services with respect to malignancies, cysts or neoplasms, hereditary, congenital, mandibular prognathism or development malformations where such services should not be performed in a dental office.
5. Treatment required for conditions resulting from major disaster, epidemic, war, acts of war, whether declared or undeclared, or while on active duty as a member of the armed forces of any nation.
6. Replacement of dentures, inlays, onlays or crowns that can be repaired to normal function.
7. Services for increasing vertical dimension, replacing tooth structure lost by attrition, and correcting developmental malformations and/or congenital conditions except if the developmental malformation and/or congenital conditions cause severe, dysfunctional handicapping malocclusion that requires Necessary and Appropriate Dental Services.
8. Procedures, that in the opinion of the Plan, are experimental or investigative in nature because they do not meet professionally recognized standards of dental practice and/or have not been shown to be consistently effective for the diagnosis or treatment of the Member's condition.
9. Treatment of cleft palate, malignancies or neoplasms, except in the case of newborn children or the Necessary Care and Treatment of medically diagnosed congenital defects and birth abnormalities.
10. Orthodontics is only covered as a Necessary and Appropriate Dental Service as determined by the Plan. The Invisalign system and similar specialized braces are not a covered service.
